

INDx SERIES

HIGH FREQUENCY X-RAY GENERATOR FOR INDUSTRY & SECURITY

INDx Series Generators

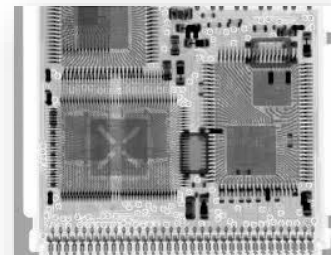

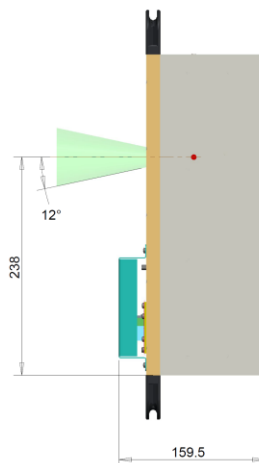

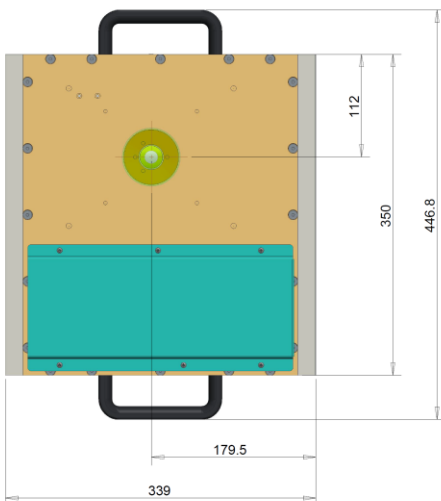

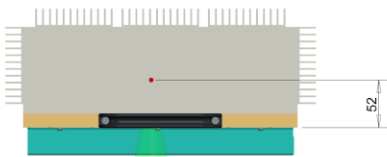

- High Frequency Inverter
- Front End voltage stabiliser, PFC and In-Rush protection
- Analog or Digital interface/control
- Continuous Fluoroscopy
- Natural, Forced Air or Water Cooled
- MOSFET Inverter

Tube Voltage Range	40kV – 100kV- 160kV
Tube mA (Fluro)	0.1mA – 6mA
Tube Insert	Stationary
Input	Single Phase 230V

Application

- Food Inspection
- Baggage Scanner (Security)
- Process Industry Quality Control
- Castings, Moulding
- PCB & Circuits Inspection system
